What we do as Governors

We have a strategic role within the school. We are not involved in the day-to-day management of the school, this is the responsibility of the Headteacher and her staff. We are expected to play the part of a 'critical friend', This means striking the right balance between challenge and support. In this role we question and suggest refinements to the proposals and policies of the school. We are involved in appointing staff and dealing with any matters which could involve appeals and we are responsible for the School Budget. We keep abreast of current developments in education through the Derbyshire County Council governor training briefings. We have also completed a skills audit within the Governing Body and ensured that Governors are allocated to appropriate committees.
