### NEWTON SOLNEY C OF E INFANT SCHOOL

## Curriculum Policy

### Introduction

In order to implement the school aims where we say that we want "all children to acquire the basic skills relevant to the needs of a changing world" our curriculum is designed not only to fulfill statutory requirements, but also to enthuse our children with a love of learning.

### Aims and Objectives

The curriculum will help our children to:

- Develop lively and enquiring minds
- Communicate effectively, both orally and in writing
- Learn the essential skills of life, including number and information technology
- Explore and understand the world we live in
- Develop an appreciation of the interdependence of individuals, groups and nations
- Express themselves creatively and enjoy the creativity of others
- Develop an appreciation of a wide range of human achievement
- Develop personal, moral and spiritual values, including respect for others
- Be prepared for the opportunities and responsibilities of life in a changing world
- Learn how to learn and to regard learning as an enjoyable and lifelong activity
- Develop a wide range of interests and appreciate the need for a healthy lifestyle
- Set personal standards of achievement and value excellence
- It will reflect changes in new Teaching & Learning initiatives

To achieve these aims, the curriculum is planned to be:

- **Broad** so that it provides a wide range of knowledge, skills and experiences
- **Balanced** so that each subject has sufficient time to contribute effectively to learning
- **Relevant** so that learning can link to the pupil's experience to applications in the world at large
- **Coherent** so that topics can be linked to make the whole learning experience more meaningful
- **Progressive** so that what is taught builds in a systematic way upon what has already been learned - spiral curriculum
- **Differentiated** so that what is taught and the tasks that are set are matched to the aptitude and ability for each pupil
- **Accessible** so that there is equality of opportunity for all.

### Organisation and Planning

We plan our curriculum for each year group taking into account the children's interests and special events e.g. Olympics.

With our medium-term plans, we give clear guidance on the learning objectives and teaching strategies, including ICT where appropriate, that we use when teaching each topic.

In Maths and English we follow the objectives as set out in the National Curriculum 2014.

Our short-term plans are those that our teachers write on a weekly or daily basis. We use these to set out the learning objectives for each session, and to identify how work will be adapted to suit the needs of the children, including those with an IEP or on the Gifted and Talented register.

We strive to provide a curriculum which has a variety of enrichment activities that are integrated into the curriculum plans for each year group through out the school year, both in and out of the classroom environment.

We are well aware that all children need the support of parents and teachers to make good progress in school. We strive to build positive links with the parents of each child by keeping them informed about the way in which the children are being taught and how well each child is progressing.

### Reception year

The curriculum that we teach in the Reception class meets the requirements set out in the revised EYFS framework September 2021. Our curriculum planning focuses on the Early Years foundation Stage goals and on developing children's skills and experiences, as set out in this document.

Our school fully supports the principle that young children learn through play, and by engaging in well-planned structured activities. Teaching in the Reception class builds on the experiences of the children in their pre-school learning. We do all we can to build positive partnerships with the variety of nurseries and other pre-school providers in the area and particularly with Newton Solney pre-school.

During the children's first year the Reception class teacher makes assessments on the children according to the requirements of the EYFS framework. This assessment forms an important part of the future curriculum planning for each child.

### The Role of the Subject Leader

The role of the subject leader is to:

- provide a strategic lead and direction for the subject;
- ensure there is suitable coverage of their subject;
- support and offer advice to colleagues on issues related to the subject;
- monitor pupil progress in that subject area;
- provide efficient resource management for the subject.

Members of staff have responsibilities for core areas of the curriculum as follows :-

Early Years = Davinia Gamble

Literacy and Phonics = Vicky Allan

Numeracy = Heidi Elks

Science = Rebecca Ryan

Special Needs = Heidi Elks

Able and Talented = Heidi Elks

Computing = Heidi Elks

RE and Collective Worship = Heidi Elks

There is a shared responsibility for foundation curriculum areas.

### Monitoring and Review

Our governing body's Teaching and Learning committee is responsible for monitoring the way the school curriculum is implemented. This committee reviews each subject policy according to the schools strategic plan.

The headteacher is responsible for the day to day organisation of the curriculum. The Literacy, Numeracy and Science co-ordinators monitor lessons and plans for literacy, Numeracy and science for all teachers, ensuring that all classes are taught the full requirements of the National Curriculum 2014, and that all lessons have appropriate learning objectives.

Subject co-ordinators also have responsibility for monitoring the way in which resources are stored and managed.

This policy was reviewed by staff in September 2021. The policy was reviewed by the Teaching & Learning Committee in September 2021 and approved by the Governing Body September 2021.
